

Travel Costs / Frais de voyage

The Canadian Political Science Association receives a travel grant from the CCA to assist members come to the Annual Meeting from distant places. These funds are designed particularly to help younger members on the assumption that those presenting, discussing, or chairing papers will be subsidized by their own university. Those requesting Association grants are urged to obtain them from their own institutions to allow the Association's fund to be spread widely. Requests stating the amount of grants expected from other sources and the rank of the member must reach the Secretary-Treasurer by May 5.

The Canadian Association des Sciences politiques reçoit du CCRSS une subvention pour aider à couvrir les frais de déplacements de ceux qui assisteront au congrès annuel. L'Association vous fait cependant remarquer que ce fond étant réservé aux membres relativement jeunes. Les frais de voyages des conférenciers devraient être couverts par leurs universités respectives. Il est préférable que ceux qui demandent une aide s'adressent aussi à leurs propres institutions, afin que les fonds de l'Association puissent être répartis le plus largement possible.

Les demandes, spécifiant le montant des subsides obtenus ou attendus de ces sources, doivent parvenir au Secrétaire-trésorier avant le 5 mai 1967.
