AUDITORS' REPORT TO THE MEMBERS OF THE CANADIAN POLITICAL SCIENCE ASSOCIATION

We have examined the balance sheet of The Canadian Political Science Association and The Canadian Economics Association at December 31, 1967 and the statement of revenue and expense and surplus for the eight month period then ended, and the balance sheet of The Canadian Political Science Association at January 1, 1968. Our examination included a general review of the accounting procedures and such tests of the accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Associations at December 31, 1967 and the results of their operations for the period then ended, and the financial position of The Canadian Political Science Association at January 1, 1968, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.
