because many people and papers are relevant to more than one section we have been asked to cross-list meetings likely to interest members who do not normally attend presentations in sections outside their field of special interest. We apologize for the many imperfections bound to be revealed by the rough and ready cross listing we have attempted.

Those interested in:

may also wish to attend sessions:

- Political Philosophy 25 (Working Class Party); 26 (Lenin); 30 (Marxist Political Economy of Canada)
- Modern Political Analysis 16 (Voting); 42 (Can. Political Thought); 45 (System Output); 47 (Policy Science); 53 (Provincial Policy); 54 (Identity Crisis); 7-11 (Faces of the Discipline); 82 (Linkages between Systems and Sub-systems); 33 (Policy Change); 12A (Facts and Values); 12C (Systems Analysis); 85 (City in Communist China)
- Urban International Relations 15 (Chinese Foreign Policy); 57 (Cuba-Chile); 87 (Linkages between Systems and Sub-systems); 88 (Province in I.R.)

- Third World 8A (Non-Western Political Theory).

- Public Administration 1F (Administration and Development Policy in Colonial Kenya).

[Note: Sessions in Canadian, Urban, Public Policy, Law and Politics, Public Administration, State of the Profession and Modern Political Analysis are so often interrelated that cross-listing would be merely cumbersome and pointless]

Au sein même du congrès de l'Association canadienne de science politique, des politologues intéressés par un domaine pourront être intéressés par des ateliers d'un autre domaine. Sous forme de guide rapide, voici en vrac des suggestions.
