EDITOR'S CORNER

Dans le but de faire du BULLETIN le meilleur outil d'information possible chacun des numéros mettra l'accent sur des thèmes précis. Dorénavant le numéro de la fin mars offrira le PROGRAMME PRELIMINAIRE du congrès annuel de l'ACSP, ainsi que les biographies des candidat(e)s pour le Bureau de direction. Le numéro du juin sera composé de contributions spéciales sur les programmes d'études et les sujets spéciaux touchant la discipline. Quant au numéro de décembre, on y retrouvera des contributions spéciales, tout en mettant l'accent sur les publications des chercheurs au Canada. Naturellement, chacun des numéros sera complété par des informations relatives aux conférences, aux offres d'emplois et aux nouvelles des départements.

LE MOT DU REDACTEUR

In order to assure that "THE BULLETIN" serves in the best way possible the information needs of the community, each of the issues will accent a specific theme. The March issue will include the Preliminary Programme and the material related to the election. The June issue includes of course the Annual Reports but will also put its emphasis on programmes of study and other subjects of special interest to the discipline. As for the December issue, it will invite special contributions with the accent on research publication in Canada. Naturally, all of the issues will include the ongoing items such as conference information, job openings and news from the departments.
