## Responsibilities of chairs and discussants at the CPSA Annual Conference

The **CHAIR** is responsible for monitoring the entire session. The success of a session often depends upon the **CHAIR**'s ability to restrict the time of speakers' presentations and temper the discussions from the floor in order to allow sufficient time for inter-action within the presentation. Some of the most important responsibilities of the **CHAIR** are to:

Open the session at the scheduled time and set the context with a few brief introductory remarks;  
Introduce the participants before their presentations;  
Maintain strict time limits for each speaker and discussant;  
Moderate panel or floor discussions; and,  
Adjourn the session in time to allow the room to clear before the next session begins.

The **CHAIR** should also announce that the audience is requested not to smoke.  
**CHAIRS** are requested to report (session number and name(s)) any no shows to the Association section head.

In sessions where discussants are expected to prepare comments in advance, the **CHAIR** has the option to drop from the programme any author not submitting a copy of his/her presentation to the appropriate discussant one month before the meeting.

**DISCUSSANTS** are to prepare, in advance, appropriate analytical or critical commentaries of the significance and contribution of the papers presented in a session. Time constraints on the length of the discussions are established by the chairs. **DISCUSSANTS** are under no obligation to comment on papers they have not received prior to the meeting.

## Responsabilités des présidents et des Commentaires lors du Congrès annuel de l'ACSP

[Dans le présent document, le masculin est utilisé comme générique dans le seul but d'éviter d'alourdir le texte.]

Le **PRÉSIDENT** est responsable du bon déroulement de chaque séance. Le succès d'une séance dépend souvent de l'aptitude du **PRÉSIDENT** à limiter la durée des exposés et des interventions de façon à donner à chacun l'occasion de s'exprimer. Les principales responsabilités du **PRÉSIDENT** sont les suivantes :

ouverture de la séance à l'heure prévue et brève introduction;  
présentation des participants avant leurs communications;  
respect du temps imparti à chaque conférencier et Commentaire;  
animation des discussions; et,  
levée de la séance à l'heure fixée afin de libérer le local pour la séance suivante.

Le **PRÉSIDENT** doit également annoncer qu'il est interdit de fumer.

Les **PRÉSIDENTS** sont tenus de signaler toute absence d'un conférencier à une séance (en précisant le numéro de la séance) au coordonnateur de la section concernée.

Pour les séances où des Commentaires sont censés préparer à l'avance leur analyse, le **PRÉSIDENT** peut à son gré annuler la participation de tout auteur qui n'aurait pas soumis un exemplaire de sa communication aux Commentaires, un mois avant la séance.

Les **COMMENTAIRES** doivent préparer à l'avance des commentaires analytiques ou critiques pertinents sur les communications présentées lors des séances. La durée des discussions est déterminée par le président. Les **COMMENTAIRES** ne sont pas tenus de commenter des communications qu'ils n'auraient pas reçues avant la séance.

## Responsibilities of presenters at the CPSA Annual Conference

**PRESENTERS** should prepare comments outlining the major points of their papers. A good presentation is a must for a successful session.

Oral Presentation. Listed below are some guidelines for preparing an oral summary of a paper:

a) *No paper should ever be read verbatim from the text.* Such presentations are often not only dull but also incomplete due to time constraints imposed by the chair; an author reading from text may be cut off by the chair before reaching the most significant aspects of the presentation. Highlights may be given covering such points as purpose of the study, description of the sample, methodology, problems, major findings, conclusions, or recommendations. The amount of time devoted to each highlight may vary depending upon the author's evaluation of the importance of each area related to the paper.

b) Inexperienced extemporaneous speakers are advised to prepare a "reading text" of approximately 5-7 typed pages.

Distribution of Papers. **PRESENTERS** in sessions which have been assigned to discussants must forward copies of their papers to the session chair and the discussants no later than one month before the meeting. Failure to do this will likely result in the chair excluding the presentation from the session. Further, the discussant has no obligation to comment on the paper if it has not been previously seen. Such an action would be a loss to all attending the session.

**PRESENTERS** of round table are requested to bring copies of their papers or summaries of their projects to the sessions. Doing so will enable participants to discuss the topic more effectively.

## Responsabilités des conférenciers lors du Congrès annuel de l'ACSP

[Dans le présent document, le masculin est utilisé comme générique dans le seul but d'éviter d'alourdir le texte.]

Les **CONFÉRENCIERS** doivent préparer un document qui regroupe les points saillants de leurs communications. Une bonne présentation constitue la base d'une séance réussie.

Présentations orales. Vous trouverez ci-dessous quelques directives qui vous aideront à préparer le résumé oral d'une communication :

a) *Ne jamais lire une communication mot à mot.* De telles présentations sont souvent monotones. De plus, le temps imparti étant limité, l'auteur qui lit son texte sera souvent interrompu par le président avant d'avoir atteint le point crucial de son exposé. Il est préférable de donner les grandes lignes : but de la recherche, description de l'échantillon, méthodologie, problématique, principales observations, conclusions ou recommandations. Le temps alloué à chacun de ces points peut varier selon l'importance que l'auteur leur attribue.

b) Il est conseillé à tout conférencier inexpérimenté de se préparer un texte de 5 à 7 pages dactylographiées.

Distribution des communications destinées aux Commentaires. Les **CONFÉRENCIERS** sont tenus de soumettre un mois à l'avance un exemplaire de leurs communications au président de la séance ainsi qu'aux Commentaires. Tout **CONFÉRENCIER** qui ne se conforme pas à cette exigence risque de voir sa communication exclue du programme. En outre, un Commentaire qui n'aurait pas reçu dans les délais un exemplaire de la communication n'est pas tenu de préparer un commentaire; les personnes assistant à la séance en seraient ainsi privées.

Tout **CONFÉRENCIER** participant à une table ronde doit apporter avec lui des exemplaires de sa communication ou des résumés de sa recherche afin de favoriser une discussion plus fructueuse.

### Responsibilities of delegates at the CPSA Annual Conference

Delegates are asked to follow the rules set by the host university (i.e. smoking regulations), to refrain from conversing in the hallways outside of the presentations, and to refrain from leaving sessions early, that is, before all presenters have presented (i.e. change of language of presentation).

### Responsabilités des délégués lors du Congrès annuel de l'ACSP

On demande à tout délégué d'obéir aux règlements établis par l'université hôte (p. ex. les aires de fumeurs), de ne pas discuter dans les couloirs près des salles ou ont lieu les présentations et de ne pas sortir des séances tôt, avant que tous les conférenciers aient présenté leur communication (p. ex. changement de langue de présentation).

## SUSTAINABLE COMMUNITIES (N14)

The Policy Research Initiative is holding a one-day conference on Tuesday, May 29, 2001 during the annual Congress of the Social Sciences and Humanities. This conference will discuss the theme of "Sustainable communities".

*Sustainable development constitutes one of the greatest challenges facing our society today. The stakes are enormous, and the complexity of the problems dictates particularly innovative solutions. No approach can ignore the fact that the issues raised by sustainable development are as much global as they are national and local. At a time when the debate on globalization is dominating all forums, we need to ask ourselves: What is a sustainable community and how do we get there?*

Le Projet de recherche sur les politiques organise un colloque d'une journée, le mardi 29 mai 2001, dans le cadre du Congrès des sciences sociales et humaines. Cette conférence sera divisée en trois sessions et aura comme thématique : « Des communautés viables? »

*Le développement durable constitue un des plus grands défis qui confronte notre société actuellement. Les enjeux sont énormes et la complexité des problèmes nécessite des solutions particulièrement novatrices. Aucune approche ne saurait faire abstraction du fait que le développement durable est autant une question globale, nationale que locale. À un moment où le débat sur la mondialisation domine toutes les enceintes, il y a lieu de s'interroger sur le rôle des communautés dans la mise en œuvre des assises du développement durable. Que devrait être une communauté viable et comment y arriver?*
